YAAZ

COLLECTION: DENK
PRODUCT: ARMCHAIR BACKREST (Code: Denk.12)

BY ANGELETTIRUZZA DESIGN | 2024

Product Specifications

Width	94 cm / 37" in
Depth	90 cm / 35.50" in
Height	88 cm / 34.50" in
Weight	24 kg / 54,9 lbs
Primary Materials	Teak, Sunbrella / Yapa Fabrics

Product Overview

Designed by the Italian studio angelettiruzza design for the Denk Collection, the Denk Armchair Backrest embodies a sophisticated dialogue between Scandinavian minimalism and Italian design finesse. Grounded in a solid, sustainably sourced natural teak wood frame, the armchair celebrates organic warmth, architectural clarity, and enduring outdoor craftsmanship.

Conceived as an elegant alternative to the collection's signature woven-rope edition, this version introduces a sleek, padded backrest tailored over a high-strength aluminum structure. The upholstered backrest provides structured ergonomic support and a refined, contemporary profile designed to withstand the elements without compromising on comfort. Whether styled on its own or paired with the woven counterpart—which offers 6 curated rope color options—the Denk Armchair transforms patios, verandas, and poolside retreats into serene outdoor living spaces.

Sunbrella® Fabrics

Outdoor fabrics made from acrylic fibers are strong; they are more resistant to both weather conditions and usage errors such as mold, friction, and tearing. Before weaving, acrylic fabric threads are dyed with the solution. This allows the fabric to retain its color longer, even when exposed to direct sunlight. Sunbrella acrylic fabrics are considered premium for outdoor textiles, providing long-term savings and exceptional UV protection.

Cleaning & Care Instructions

Brush off any loose dirt or debris from the surface using a soft-bristled brush.
Apply a solution of water and mild soap with a sponge or soft cloth.
Gently scrub in a circular motion; do not rub too hard.
Rinse thoroughly with clean water, ensuring all soap residue is removed.
Allow to air dry completely before use.
Machine wash in cold water using a mild detergent on a gentle cycle.
Do not use bleach or fabric softeners.
Protect from harsh weather by covering with YAAZ covers or storing indoors.

Teak

YAAZ oversees every stage of its teak furniture production, from carefully selecting sustainably sourced teak to crafting and finishing each piece. Using precision machinery and controlled kiln-drying processes, we ensure lasting quality and durability.

Teak is a natural, low-maintenance material designed to withstand outdoor conditions throughout the seasons. Over time, exposure to sunlight and rain naturally transforms its honey-gold color into a soft, silvery-grey patina, allowing the furniture to age beautifully and naturally.

Cleaning and Using Instructions
Teak naturally contains oils that help protect the wood. To maintain its surface, apply teak oil or a suitable water-based protector once or twice a year.
Avoid varnishes and similar chemical coatings.
Sand aged or worn surfaces using 150–180 grit sandpaper, then clean with teak cleaner and allow to dry.
Repeat the sanding and cleaning process.
Apply a water-based protective coating with a cloth, covering all surfaces, including hidden areas.
Allow the first coat to dry for 24 hours before applying the second coat.
The second coat becomes touch-dry after approximately 4 hours in a well-ventilated environment at an average temperature of 20°C.

Teak COLOR OPTIONS

natural teak | dark teak | white teak

> Sustainable Sourcing: YAAZ uses no teak of forest origin, but only teak supplied from sustainable Myanmar (Burma) that strictly adhere to the rigorously controlled environment and certified criteria which include replanting trees after harvest.
